

# GAGGIA

## MILANO

It was the years-long quest to create the perfect espresso, against the backdrop of 1930s Milan, that gave birth to one of the most iconic Italian brands in the world. In 1938, the Italian barista Achille Gaggia filed the patent that signaled a revolution in the way the aromas are extracted from coffee, allowing us to taste the perfect Italian espresso, complete with its 'crema', for the very first time: a unique pleasure.

Today, as it was then, Gaggia's mission is to take the tradition of the Italian espresso to the world. The company's unchanging values of tradition and professionalism are an intrinsic part of all the machines in its range, which addresses the requirements of coffee professionals by combining state-of-the-art technology with sophisticated design.

## CONCETTO EVO

### DUO

Concetto Evo Duo is a fully automatic coffee machine: from coffee grinding to delivering water or steam, it's all done at the touch of a button. It has a stylish aesthetic that allows to blend easily into the most elegant of environments.

#### HIGHLIGHTS

- Wide, easy-to-clean capacitive flat keyboard, with backlit colour beverages
- 3.5" HD colour display
- Continuous steam production
- Simultaneous dispensing of coffee, hot water and steam thanks to 3 separate water circuits

## RELENTLESS SMOOTHNESS

More Info

### Technology and Design

- Automatic servings counter
- Electronic pre-brewing
- 3.5" colour display
- Capacitive backlit keyboard with colour icons

### Multiple Adjustable Settings

- Coffee spout height
- Grinder
- Coffee gram throw and recipes
- Milk and water volume

### Easy to Use

#### True Espresso System

- Automatic cappuccinatore
- Stainless steel articulated steam wand and hot water wand
- Continuous steam production (no damps)
- Simultaneous preparation of two cups
- Simultaneous dispensing of coffee drinks, hot water and steam
- Possibility to dispense additional mixing water in coffee drinks

### Technical Specifications

Dimensions (W x H x D)	16.2 x 28.4 x 21.5 in
Dimensions with NSF/ANSI 4 legs (W x H x D)	16.2 x 31.3 x 21.5 in
Weight	130 lb
Voltage	208 V / 60 Hz
Plug	NEMA 6-20P
Maximum absorbed power	3250 W

### Water Specifications

Water/steam boiler capacity	1.7 L
Coffee boiler capacity	0.4 L

### Water Connections

Standard water supply	Water supply
Optional water supply	Pump/independent water tank kit
Water connection	3/4" (1-8 bar)

### Capacity & Other Specifications

Coffee beans container capacity	2 x 4.4 lb
Waste bin drawer capacity	100 drinks
Grinder with 64 mm stainless steel blades	2
Brewing group	9/14 g
Espresso brewing pressure	9 bar
Number of programmable direct selections	12

### Performances (Cups Per Hour)

Hot water (5 oz)	400
Espresso (1 oz)	150
Cappuccino (12 oz)	60
Cappuccino (16 oz)	52
