Emblem VIP

Designer
SERIES

At Evoca North America, we believe that everybody should have access to great quality coffee. With this idea in mind, we developed the Emblem VIP, a groundbreaking feature ensuring that all of our clients can fully and equally enjoy our coffee experience.

People with visual impairment or physical limitations now have the possibility to order on a brewer entirely adapted for them. At the simple touch of any button on the keyboard, the machine will switch to high-contrast mode and enable text-to-speech assistance, while continuing to offer the exact same beverages and options as a regular machine.

The VIP feature is a Designer Emblem's exclusivity.

High-Contrast Mode

Adapted user interface to maximize legibility

Embossed Keypad

Protruding buttons with universal signs and integrated braille

Text-to-Speech

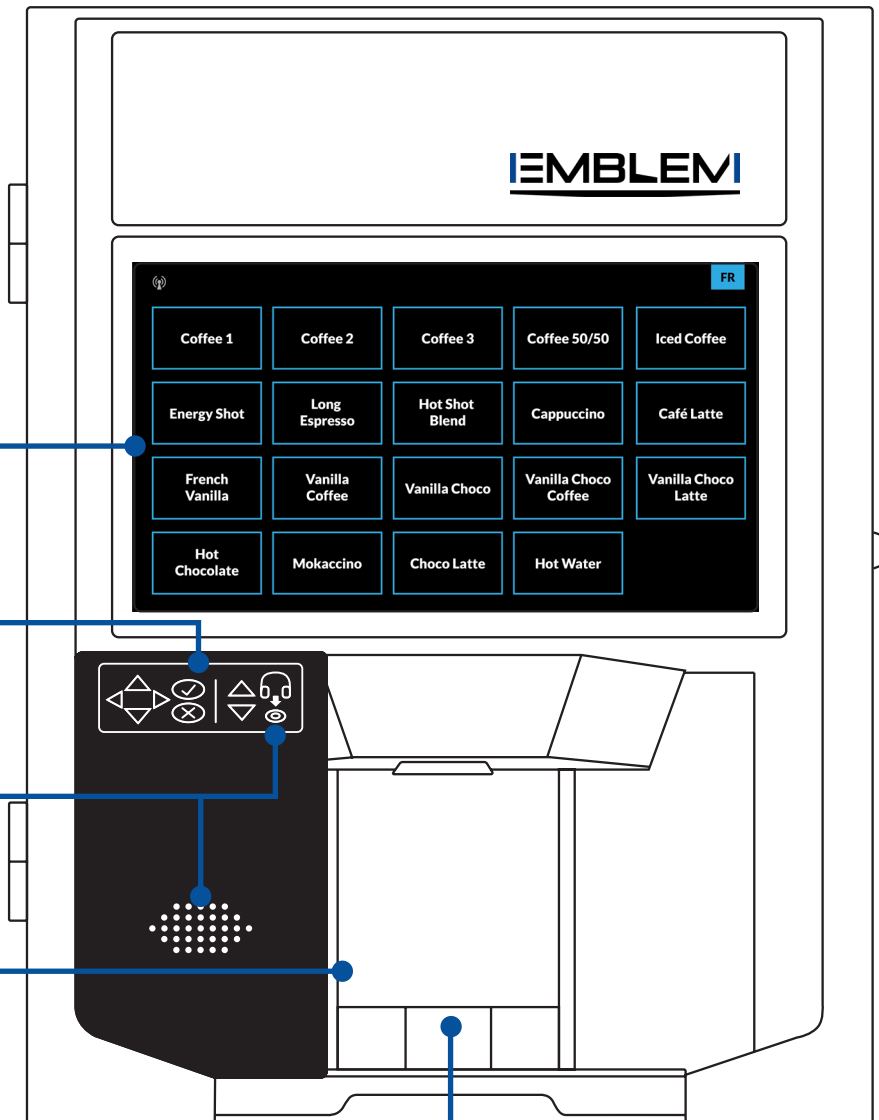

Verbal guidance throughout ordering process via speaker or earphones

Cup Presence Detector

Integrated cup sensor ensuring safe delivery at all times

Placement Guide

Molded holder for coffee cup to ensure safety

The VIP feature can only be installed in factory on new units.
