

Encore VENTI

INSTALLATION SITE PREPARATION CHECKLIST

General Machine Environment

- The installation area is clean and clear of dust and tools. It is not located in an active construction zone.
- The counter accommodates the machine size and weight:
 - Dimensions: 19.5" (W) x 43.0" (H) x 26.5" (D)
 - Dry weight: 138 lb
- For under counter waste bin installation, a hole is cut in the counter in accordance with the Emblem chute kit template.
- Machine can safely be installed with minimum clearance:
 - Top: 6" – Filling the machine from the top.
 - Sides: 6" – Opening the door and accessing the lock.
 - Back: 1.75" – Electrical and water connections space.

Electrical Requirements

The electrical configuration must match the Encore Venti Site Preparation Checklist's electrical requirements, prior to request the installation of the coffee machine. To do so, **we recommend that you consult a qualified professional electrician.**
